Below we print some of the testimonials we have received from both organisations and visitors who attended All-Energy Australia 2011...

Department of Primary Industries

"The State Government of Victoria was very pleased to again provide the major sponsorship for this important clean energy event."

Dr Peter Redlich

**Director, Energy Technology Innovation
Department of Primary Industries
State Government of Victoria**

The continued success of the All-Energy Australia Exhibition and Conference since its inception in 2009, and the continued growth in the number of delegates and exhibitors, is testimonial to the professionalism of your organisation and the quality of the event."

The final word from visitors who attended the 2011 conference & exhibition...

"A great event at which you can hear experts present on a diverse range of highly relevant energy issues supported by an excellent exhibition and networking events!"

"Australia's leading energy exhibition and conference for thought, debate, innovation and the challenging times for our future."

"A great exhibition of what Australia can do in the energy space, given the thought leadership, innovation and resources we have in this country. This exhibition really allows Australia to know what Australia knows. Keep it up, and look forward to it next year."

Melbourne Convention and Exhibition Centre

Sitting right in the heart of Melbourne, the centre is easily accessible from every direction by foot, car or public transport and is surrounded by cafes, bars, shopping and fine restaurants, with the Yarra River lapping at its edges.

Setting new world benchmarks as the first convention centre to be awarded a '6 Star Green Star' environmental rating by the Green Building Council of Australia, the centre is also raising standards to new heights in innovation, technology, imaginative catering and service options.

The All-Energy Australia 2012 conference will take place in the environmentally friendly convention centre.
