# All-Energy '09 – a major success

## Looking Back

### All-Energy Australia '09

- ⊙ Inaugural Australia Pacific event
- ⊙ Total attendance of 1,750 from 15+ countries
- ⊙ 87 exhibitors
- ⊙ More than 100 speakers

*"The professionalism of your organisation, both in the United Kingdom, and in Australia, contributed significantly to the outcome of All-Energy Australia 2009. The Exhibition and Conference were very well attended for a first time event and attest to the high level of planning and consultation with the energy industry, both locally and internationally..."*

**Dr Peter Redlich, Director,  
Energy Technology Innovation  
Department of Primary Industries, Government of Victoria**

*"We were impressed with the number of people coming over to our stand. Typically at conferences the foot traffic goes up and down during the day but at the All-Energy event there was a constant stream of people."*

**Mark Kibby, Commercial Manager  
Suntech Power Australia**

*"All Energy 2009 provided a great opportunity to increase the exposure of not just our Company but also LED technology in general. The event drew a good mix of industry delegates from both public and private sectors: ...Enquiries at the conference have already led to business."*

**Ian Macpherson, Non-Executive Chairman  
Lightsense Australia Pty Ltd**

*"VEMTEC found the inaugural All-Energy conference to be an amazing opportunity to discuss our services with a large number of people and organisations. The event surpassed our expectations and we are already looking ahead to next year's event."*

**Mark Lampard, Manager, Business Development

## Melbourne Convention and Exhibition Centre

Sitting right in the heart of Melbourne, the centre is easily accessible from every direction by foot, car or public transport and is surrounded by cafes, bars, shopping and fine restaurants, with the Yarra River lapping at its edges.

Setting new world benchmarks as the first convention centre to be awarded a '6 Star Green Star' environmental rating by the Green Building Council of Australia, the centre is also raising standards to new heights in innovation, technology, imaginative catering and service options.

The All-Energy Australia 2010 conference will take place in the newly developed convention centre.
