

**Peter Lunt, Executive Manager - Investments, VicSuper, Australia**

Peter Lunt is currently Executive Manager Investments at VicSuper, where he holds overall responsibility for investing the assets of VicSuper Fund. In addition, Peter is VicSuper's nominee Director on the Board of Regnan Governance Research & Engagement Pty Ltd, a company part-owned by VicSuper. He joined VicSuper in 2005 as Manager Sustainability Investments with particular responsibilities in governance and sustainability across the investment portfolio, with an emphasis on alternative asset classes.

In these roles, Peter seeks to integrate analysis of environmental, social and governance risks and opportunities into VicSuper Fund investments, providing for the retirement incomes of VicSuper Fund members. This includes incorporation of ESG considerations in the selection of external investment managers.

Prior to joining VicSuper, Peter was senior research analyst with the Sustainable Investment Research Institute (SIRIS). In this role, Peter held responsibility for researching sustainability aspects of certain sectors and companies with the ASX200, business development and consulting. Prior to SIRIS, Peter worked as a professional forester with various plantation managers in Victoria and New South Wales, with a focus on resource modeling and sustainable forest management.

Peter holds a combined Bachelor of Science (Forestry) / Bachelor of Economics, a Masters of Environment, a Graduate Diploma in Applied Finance and Investments and is a Graduate of the Australian Institute of Company Directors.
