- Dedicated feature in the All-Energy Australia directory
- Exclusive promotion via the events social media platforms
- Dedicated onsite signage at All-Energy Australia showcasing the area as a destination

TESTIMONIAL

" Never in our wildest dreams could we have envisaged the reception with open arms that we have experienced in the last 48 hours as a start-up exhibitor at All-Energy Australia 2018. To say the last two days have been unbelievable is no way an exaggeration. It is truly a very special thing to see something we have been working on for 4 years receive such a welcome into the renewable industry here in Australia. "

- FloatPac

TOTAL COST: \$4,845 excluding GST

There are limited opportunities available in Clean Energy Start-Up package so to secure your spot in this exclusive feature, please contact the All-Energy Australia Team:
